

40 ft. Heavy Duty Pallet Wide Curtain Side Trailer

These 40 ft. heavy-duty pallet wide curtain side trailers are designed for the efficient and secure transportation of palletized goods. The curtain sides allow for easy access for loading and unloading.

Overview

Heavy Duty Pallet Wide Curtain Side Unit

These 40' Heavy Duty Pallet Wide Curtain Side units are engineered for the efficient and secure transport of palletized goods. Featuring a robust construction capable of handling heavy loads, the curtain side design allows for rapid side-loading and unloading. The pallet-wide configuration optimizes interior space, allowing for increased pallet capacity compared to standard container units.
