

400mm Magnetic Aluminum Spirit Level

This 400mm magnetic aluminum spirit level is designed for precise leveling and alignment. Constructed from durable aluminum, it features a magnetic base and multiple vials for versatile measurements.

Overview

Professional Grade Spirit Level

This 400mm (16-inch) spirit level is engineered for precision leveling and alignment tasks in construction and carpentry. Constructed from durable aluminum, it features a magnetic base for secure attachment to metal surfaces, ensuring stability during use. Equipped with three high-quality vials, it provides accurate measurements for horizontal, vertical, and 45-degree angles, making it a versatile tool for any job site.
