

404 Pitch Pro Spur for Chainsaws

This precision-engineered 404 pitch pro spur is designed for demanding applications. It features robust construction for enhanced durability and longevity, ensuring optimal power transfer and smooth operation.

Product Overview

Precision-Engineered 404 Pitch Pro Spur

This 404 Pitch Pro Spur is designed for demanding chainsaw applications, offering a robust solution for professional use. Featuring a machined, solid rod construction, this component is built for rugged durability and dependable performance. Its design ensures optimal power transfer and smooth operation, making it an essential part for machinery requiring high reliability and excellent wear resistance.

Technical Specifications

Pitch Size	.404"
Construction	Machined solid rod

Key Features

Performance Attributes	Wear-resistant, Rugged, Dependable, High Durability
------------------------	---
