

40W LED Light Source for Illumination

This 40W LED light source is designed for various illumination applications. The integrated heat sink ensures optimal thermal management, enhancing the longevity and performance of the LED.

Product Overview

High-Performance Illumination

This high-power 40W LED light source is engineered for demanding illumination applications in both industrial and commercial environments. Featuring a compact square form factor, it includes integrated mounting holes for secure and versatile installation. The unit incorporates an advanced heat sink design to ensure optimal thermal management, directly contributing to extended product longevity and consistent performance.

Technical Specifications

Power Rating	40 W
Form Factor	Compact Square
Thermal Management	Yes

Applications

Ideal Applications	Spotlights, Floodlights, Industrial Lighting, Commercial Lighting
