

4.10-18 6PR Knobby Motorcycle Tire

This motorcycle tire is designed for off-road or dual-sport applications. It features a knobby tread pattern for enhanced grip on surfaces like dirt, gravel, and mud, and its 6PR (6-ply rating) indicates its load-carrying capacity and durability.

Product Overview

High-Performance Off-Road Tire

This 4.10-18 knobby tire is engineered specifically for off-road and dual-sport applications. Featuring a robust 6-ply rating, it offers the necessary durability and load-carrying capacity for demanding terrains. The aggressive knobby tread pattern ensures superior traction and grip on loose surfaces, including dirt, gravel, and mud.
