

## 4.2L 600W Multifunction Stand Mixer

This multifunction stand mixer features a 4.2L capacity plastic mixing bowl and a robust 600W motor. It includes multiple speed settings, aluminum dough hook and beater attachments, and a dust-proof splash guard.

### Product Overview

#### Professional Performance in Your Kitchen

This 4.2L multifunction stand mixer is designed to streamline food preparation for both home bakers and professional chefs. With a powerful 600W motor and 8 distinct speed settings, it offers the versatility needed for mixing, kneading, and whisking a wide variety of ingredients. The unit includes essential safety features like an automatic shut-off system and a soft start function to minimize splatter, ensuring a clean and efficient workspace.
