

43cc Gasoline Brush Cutter

This 43cc brush cutter is a versatile tool for efficiently clearing dense vegetation, brush, and weeds. It is equipped with a robust 43cc engine, delivering high performance and reliable operation for demanding landscaping tasks.

Overview

High-Performance 43cc Gasoline Brush Cutter

This powerful and versatile tool is designed for efficiently clearing dense vegetation, brush, and weeds in demanding landscaping environments. Equipped with a robust 43cc engine delivering 1300W of power, it provides reliable operation for both professional landscapers and homeowners maintaining large properties. Its ergonomic design focuses on user comfort and control, significantly reducing fatigue during extended periods of heavy-duty use.

Performance Metrics

Engine Performance

42.7 CC

Displacement

1300 W

Power Output

Technical Specifications

Engine Displacement	42.7 CC
Rated Power	1300 W

Operation & Capacity

Fuel Tank Capacity	1.2 L
Cutting Diameter	430 mm
Fuel/Oil Mix Ratio	40:1

Design Features

Key Design Elements

- Ergonomic handle design for reduced fatigue
- Durable cutting head for dense vegetation
- Sturdy shaft construction for longevity
- High-torque 43cc gasoline engine

Applications

Recommended Use Cases	Dense Vegetation, Brush Clearing, Weed Removal, Professional Landscaping, Large Property Maintenance
