

4.5 KG Capacity Compact Clothes Dryer with Ultraviolet Sterilization

This is a compact clothes dryer with a 4.5 KG capacity. It utilizes PTC heating and offers features such as ultraviolet sterilization, anti-wrinkle function, and multiple drying programs.

Overview

Compact Drying Solution

This 4.5 KG capacity compact clothes dryer is designed for efficient, space-saving garment care in smaller living environments. Featuring integrated ultraviolet sterilization technology, it ensures clothes are not only dried quickly but also sanitized for freshness and hygiene. Its wall-mounted design and intuitive controls make it a practical addition for modern, space-conscious households.
