Product Overview

Professional Grade Flap Disc

This 4.5 x 7/8 inch CutFlex flap disc is engineered for high-performance grinding tasks, offering superior cool grinding capabilities and an extended operational lifespan. Designed for versatility, it is suitable for use on various materials including stainless steel, steel, and other alloys. Compliant with international safety and quality standards, this tool is the reliable choice for professional metalworking applications.

Technical Specifications

Maximum Operating Speed

13300 rpm
Max RPM

80 m/s
Max Speed

Dimensions 4.5 x 7/8 inch (115 x 22 mm)

Available Grits P40, P60

Compatibility & Standards

Suitable Materials

- Stainless Steel (INOX)
- Steel (Stahl/Acier/Acero)

Quality & Safety Standards

MPA EN13743 • ISO 9001:2000

Safety Information

Operational Safety

Always ensure proper safety protocols are followed during operation. The use of eye protection and machine guards is mandatory when utilizing this flap disc to prevent injury.
