

458cc Portable Generator with ATS

This generator provides a robust and reliable power solution for various applications. It features an easy start system, digital meter, battery switch, AC 230V outlets with circuit breakers, a durable frame, and a wheel kit for easy transportation.

Overview

Reliable Power Solution

The 458cc Portable Generator with ATS is a robust and dependable power solution engineered for versatile applications. It features an integrated Automatic Transfer Switch (ATS) for seamless power transitions during outages, ensuring your operations continue without interruption. Designed with user convenience in mind, the unit includes an easy-start system, a digital performance monitor, and a durable frame with wheels for effortless mobility.

Technical Specifications

Engine Displacement	458 cc
Output Voltage	230V

Features

Control Interface

- Digital performance meter
- Battery switch
- AC 230V outlets
- Integrated circuit breakers

Key Features	ATS Ready, Easy Start, Digital Meter, Circuit Breaker Protection
