Product Overview

Modern Indoor Ceiling Fan

This 48-inch indoor ceiling fan combines efficient air circulation with integrated LED lighting, making it a versatile addition to any interior space. Featuring a durable construction of iron, wood, and glass, it is designed for both style and longevity. The multi-speed reversible motor ensures year-round comfort by providing cooling in summer and air circulation in winter.

Technical Specifications

Product Code	CF1204RSBL-VCLS
Size	1200 mm
Materials	Iron, Wooden, Glass
Color Finish	Brushed Chrome / White

Logistics

Place of Origin	Guangdong, China
