

## 5-10 Ton Diesel Forklift

This diesel forklift is designed for lifting and transporting heavy loads in industrial environments. It features a robust chassis, powerful diesel engine, and a high lifting capacity ranging from 5 to 10 tons.

### ADDITIONAL IMAGES

### Overview

#### Heavy-Duty Material Handling

This heavy-duty diesel forklift is engineered for demanding industrial environments, offering a versatile lifting capacity ranging from 5 to 10 tons. Built with a robust chassis and a powerful diesel engine, it ensures reliable performance for warehouse operations, construction sites, and heavy industrial facilities. The unit prioritizes operator safety and efficiency with features like a protective overhead guard, precise hydraulic controls, and pneumatic tires designed for stability across various terrains.

### Performance

#### Lifting Capacity

**5 ton**

Minimum Capacity

**10 ton**

Maximum Capacity

#### Engine Type

Diesel

### Safety & Comfort

#### Safety Equipment

Safety Cage, Overhead Guard, Operator Restraint System, Audible Warning Devices, Work Lights

## Technical Specifications

Tire Type	Pneumatic
Lifting System	Hydraulic Telescopic Mast

## Applications

### Suitable Environments

- Warehouses
- Construction Sites
- Industrial Facilities
