

5-Inch Air Angle Grinder with Safety Trigger

This 5-inch air angle grinder is designed for grinding, cutting, and polishing. It features a safety trigger mechanism to prevent accidental starts and ensure operator safety.

Product Overview

Professional 5-Inch Air Angle Grinder

This 5-inch pneumatic angle grinder is engineered for demanding tasks including rust removal, weld smoothing, and light cutting applications. Featuring a robust safety lever trigger and a built-in speed regulator, it offers operators both enhanced control and customizable performance. The tool is built for durability with hardened steel beveled gears and includes an auxiliary side handle to ensure stability and comfort during extended use.
