

5-Ton Wheel Loader

This 5-ton wheel loader is equipped with a Weichai Steyr diesel engine, offering substantial power and torque while minimizing fuel consumption and noise. Its reinforced drive axle enhances load-bearing capability and overall reliability.

Overview

Heavy-Duty Wheel Loader

This 5-ton wheel loader is engineered for demanding applications in construction, mining, and material handling. Built with a robust frame and a high-capacity hydraulic system, it offers reliable performance and excellent traction across various terrains. The design prioritizes operator comfort and productivity, featuring an ergonomic cabin with superior visibility for safe and efficient operation.

Performance Metrics

Rated Load

5000 kg
Rated Load

160 kN
Max Breakout Force

Technical Specifications

Overall Working Weight	16600 kg
Rated Bucket Capacity	2.8 m ³

Dimensions

Overall Dimensions (L×W×H)	7753x3024x3423 mm
