

5-Ton Wheel Loader

This 5-ton wheel loader is designed for loading and transporting soil, sand, coal, and garbage. It can be used in constructions, ports, mines, and warehouses.

Product Overview

Heavy-Duty Material Handling

This 5-ton wheel loader is engineered for demanding applications in construction, mining, and agriculture. It features a robust powertrain and a high-capacity bucket designed for efficient material handling and reliable performance. With a focus on durability and operator comfort, this machine is built to maintain productivity in the most challenging work environments.

Performance Metrics

Rated Load

5000 kg
Rated Load

Bucket Capacity	2.7 m ³
Max. Breakout Force	e150N

Technical Specifications

Overall Working Weight	16200 kg
Max. Discharging Height	3197 mm
Overall Dimensions (LxWxH)	7537x3024x3309mm
