Overview

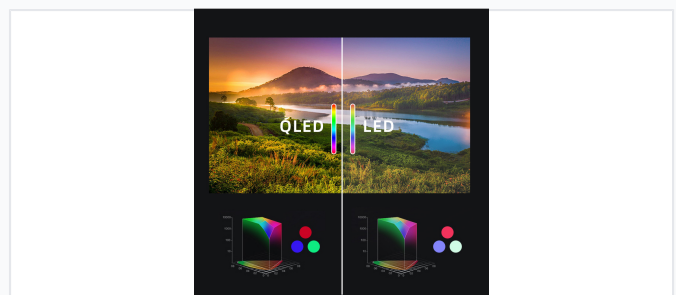

Immersive 50-inch 4K QLED Experience

This 50-inch QLED television delivers stunning 4K Ultra-High Definition visuals, utilizing advanced quantum dot technology for vibrant, lifelike color reproduction. Designed for the modern viewer, it features a wide 178-degree viewing angle, intelligent noise reduction, and upscaling capabilities to ensure sharp clarity across all content. The unit is equipped with comprehensive digital and analog tuners, along with versatile connectivity options including HDMI and USB, making it a complete solution for high-performance home entertainment.

Display

Experience exceptional clarity with 4K resolution and wide viewing angles.

QLED technology provides a wider, more vibrant color spectrum compared to standard LED displays.
