

50-Ton Hydraulic Bottle Jack

This heavy-duty hydraulic bottle jack is designed for lifting heavy loads. It features a robust construction for durability and reliability in demanding applications.

Overview

Heavy-Duty Lifting Performance

This 50-ton hydraulic bottle jack is engineered for demanding industrial and automotive applications. Its robust construction ensures reliability and durability when lifting heavy loads in professional settings. Designed with safety as a priority, this tool is an essential asset for construction and repair environments requiring significant lifting power.

Technical Specifications

Lifting Capacity

50 ton

Rated Capacity

Primary Applications

Automotive Repair, Construction, Industrial

Safety Guidelines

Operational Safety

- Never exceed the jack's rated capacity
- Base of jack must always rest on a firm, level surface
- Use only to lift; do not move or support vehicle without additional support devices
