Overview

Professional Ultrasonic Aroma Diffuser

This 500ml ultrasonic aroma diffuser is designed to efficiently improve indoor air quality and create a relaxing atmosphere in homes, offices, or spas. Utilizing advanced 2.4MHz ultrasonic technology, it disperses a fine, adjustable mist of essential oils to provide consistent fragrance and humidity. With a generous 500ml water tank capacity, it supports up to 10 hours of continuous operation, making it a reliable solution for long-term air purification and aromatherapy.
