

500W Electric Fat Tire Bicycle for All-Terrain

This electric fat tire bicycle features a 500W motor. It is equipped with a high-capacity lithium-ion battery and fat tires for superior traction on varied terrains.

Overview

All-Terrain Electric Mobility

This 500W electric fat tire bicycle is engineered for versatile performance across diverse terrains, from sand and snow to mud. Featuring a robust aluminum-alloy frame and high-traction tires, it ensures stability and comfort for the rider. With a reliable 48V motor and Shimano 7-speed gearing, this e-bike is built to handle hills and long distances with ease.
