Overview

Professional Performance 50CC Gasoline Chainsaw

This 50cc gasoline chainsaw is engineered for high-efficiency wood cutting and garden maintenance. It features a robust 2-stroke air-forced cooled engine designed for long service life, stability, and consistent performance. With integrated safety systems like an automatic anti-kickback brake and advanced digital ignition, it provides a reliable solution for both professional and domestic wood-cutting applications.

Engine & Performance

SPECIFICATION

Engine Type:	2 storke, air-forced cool	Idle Speed:	3300 ± 400 rpm
Bore / Stroke:	ϕ 45 / 31mm	Max speed:	11,000rpm
Displacement:	49.8cc	Fuel Capacity:	520 ml
Rated Power:	2.0 kw	Oil Capacity:	260 ml
Ignition System:	CDI	Dry Weight:	5.0kg
Carburetor:	Diaphragm type		

Engine Performance

49.8 cc

Displacement

2 kW

Rated Power

11000 rpm

Max Speed

Engine Specifications

Parameter	Detail
Engine Type	2-stroke, air-forced cooled
Bore / Stroke	45 / 31mm
Ignition	Digital/CDI
Carburetor	Diaphragm type
Idle Speed	3300 ± 400 rpm

Cutting Capacity

Cutting Options

- Bar Lengths: 16", 18", 20", 22", 24"
- Chain Pitch: 3/8" or 3/8"
- Gauge: 0.050G / 0.058G

Technical Details

Capacity & Weight

- Fuel Tank Capacity: 520 ml
- Oil Tank Capacity: 260 ml
- Dry Weight: 5.0 kg

Key Features

Automatic Anti-kickback Brake, Digital Ignition System, Low Vibration, Excellent Lubrication, Fuel Primer Option, Anti-freeze Option
