

50CC Gasoline Chainsaw for Wood Cutting

This 50CC gasoline chainsaw is engineered for efficient and reliable performance in garden and wood cutting tasks. It features a robust engine and is equipped with safety features for user protection.

ADDITIONAL IMAGES

Product Overview

Ergonomic design for enhanced control and user comfort during extended operation.

Professional Performance in Wood Cutting

This 50CC gasoline-powered chainsaw is engineered for both professional and residential wood-cutting applications, offering a balance of power, durability, and user comfort. It features a digital-type ignition system for stable performance and is designed for efficient operation with low vibration and excellent lubrication. Built to withstand demanding gardening and forestry tasks, it provides reliable service for pruning, felling, and firewood processing.

Technical Specifications

Robust engine housing designed for durability and high-performance output.

Engine Metrics

49.8 cc

Displacement

2 kW

Rated Power

11000 rpm

Max Speed

Engine Details

Component	Specification
Type	2-stroke, air-forced cool
Bore / Stroke	45 / 31mm
Ignition	Digital/CDI
Carburetor	Diaphragm type

Capacities & Weight

- Fuel Capacity: 520 ml
- Oil Capacity: 260 ml
- Dry Weight: 5.0 kg

Configuration Options

ZOMAX®

Precision-engineered cutting system available in multiple bar lengths.

Cutting Configurations

- Bar Lengths: 16", 18", 20", 22"
- Chain Pitch: 0.325" or 3/8"
- Gauge: 0.050" or 0.058"

Additional Features

Easy-Starter, Fuel Primer, Anti-freeze, Anti-vibration System, Chain Brake
