

50L Industrial Wet/Dry Vacuum Cleaner

This wet/dry vacuum cleaner has a 50-liter stainless steel tank. It is designed for industrial and commercial applications, with a powerful motor and durable construction.

Overview

Industrial Cleaning Performance

The DW-50L is a robust and versatile wet/dry vacuum cleaner engineered for demanding industrial and commercial environments. Featuring a high-capacity 50-liter stainless steel tank, this unit is designed to handle significant volumes of both liquid spills and solid debris with ease. Its ergonomic design and wheeled base ensure excellent portability and maneuverability across factory floors and workshops.
