

# 50mm Wide 6m Ratchet Straps with Claw Hooks

These ratchet straps are designed for securing cargo during transportation. They feature 50mm wide webbing, a robust ratchet mechanism, and claw hook ends.

## ADDITIONAL IMAGES

## Product Overview

### Heavy-Duty Cargo Securement

These 50mm wide ratchet straps are engineered for reliable cargo securement across a variety of transportation applications, including flatbed trailers, moving trucks, and logistics systems. Constructed from high-tenacity polyester webbing, the straps offer exceptional strength with minimal stretch to keep loads stable during transit. Equipped with robust ratchet mechanisms and secure claw hook ends, they provide an efficient solution for professional-grade load fastening.

## Technical Specifications

Webbing Width	50 mm
Maximum Length	6 m
Webbing Material	High-tenacity polyester
End Fitting	Claw Hooks

## Compliance & Standards
