Overview

Professional Earth Auger Solution

This 51.7cc single-operator earth auger is engineered for efficiency and ease of use in gardening and construction tasks. Designed for one-person operation, it simplifies the process of digging holes for planting trees or installing posts. With adjustable drill diameters and a robust engine, it provides a reliable solution for various ground-drilling requirements.

Engine & Performance

Maximum Power

1.3 kW

Max Power

7000 r/min

Rated Speed

Engine Model

1E44F-E

Engine Displacement

51.7 ml

Physical Specifications

Available Drill Diameters

- 80
- 100
- 120
- 150
- 200
- 250
- 300

Packaging Dimensions

Component	Dimensions (mm)
Frame Box	520 x 340 x 360
Drill Box	110 x 115 x 810

Net Weight

9.5 kg
