

52-Inch Decorative Ceiling Fan with Light Kit

This decorative ceiling fan has a 52-inch blade span suitable for medium to large rooms. It features a multi-light fixture with frosted glass shades and a multi-speed reversible motor.

Product Overview

Elegant Airflow Solution

This 52-inch decorative ceiling fan combines functional cooling with sophisticated design, making it an ideal choice for enhancing medium to large interior spaces. Featuring a durable motor housing and wood-grain finish blades, it offers both aesthetic appeal and reliable performance. The integrated multi-light fixture with frosted glass shades provides effective illumination, while the reversible motor ensures year-round comfort by circulating air efficiently in any season.
