

52-Inch Indoor Ceiling Fan with Light

This 52-inch ceiling fan features five wooden blades with a dark cherry finish and a polished chrome motor housing. It includes an integrated opal glass light fixture and operates on multiple speeds for customizable airflow.

Overview

Sophisticated Comfort and Control

This 52-inch indoor ceiling fan combines modern aesthetics with high-performance functionality, featuring three durable MDF blades and a powerful reversible DC motor. Designed for versatility, it includes an integrated 22W LED light with adjustable color temperatures and dimming capabilities to suit any mood or time of day. With five speed settings and a convenient RF remote control featuring a programmable timer, this fan offers precise airflow management and energy efficiency for residential or commercial spaces.
