

5.2m Rigid Inflatable Boat (RIB) Yacht Tender

This rigid inflatable boat has a rigid hull that provides excellent stability and handling. The inflatable tubes offer increased buoyancy and shock absorption.

Overview

Professional RIB Yacht Tender

This 5.2-meter rigid inflatable boat is engineered for versatility and high-performance in various marine environments. Designed with a robust fiberglass hull and high-buoyancy tubes, it ensures excellent stability, shock absorption, and reliability for yacht tending or recreational use. Featuring a center console layout and a 10-person capacity, this vessel is perfectly suited for both professional operations and pleasure boating.
