Product Overview

Professional Gasoline Chainsaw

This 54cc gasoline-powered chainsaw is engineered for professional and demanding garden maintenance tasks. It features a robust 2-stroke engine with a digital ignition system, ensuring high consistency, lower failure rates, and stable performance throughout its 150-200 hour service life. With multiple bar length options and ergonomic design elements, it provides the versatility and comfort required for efficient wood cutting, pruning, and landscaping.

Technical Specifications

Engine Performance

54 cc	2.2 kW	11000 rpm	3300 rpm
Displacement	Rated Power	Maximum Speed	Idle Speed

Physical Details

Parameter	Value
Dry Weight	5.1 kg
Fuel Capacity	520 ml
Oil Capacity	260 ml
Engine Type	2-stroke, air-forced cool

Cutting Configuration

Chain Specifications

- Chain Pitch: .325" or 3/8"
- Gauge: 0.050" or 0.058"

Available Bar Lengths	16", 18", 20", 22", 24"

Logistics
