

55-Seat Tourism Bus with 7.8L Diesel Engine

This tourism bus provides comfortable and efficient transportation for large groups. It features a spacious interior, ample seating, and a powerful 7.8L turbo diesel engine.

Overview

High-Capacity Tourism Transport

This 55-seat tourism bus is engineered for reliability and passenger comfort on long-distance routes. Powered by a robust 7.8L turbo diesel engine, it delivers a balance of performance and efficiency. With a suite of standard safety features including ABS and air brakes, this vehicle provides a secure and comfortable environment for commercial tour operations.
