

56-Inch Ceiling Fan for Residential and Commercial Use

This ceiling fan is designed for efficient air circulation in residential and commercial spaces. Its 56-inch blade span ensures wide coverage, making it suitable for medium to large rooms.

Overview

Professional Air Circulation Solution

The 56-inch ceiling fan is engineered for high-efficiency air movement in both residential and commercial environments. Featuring an aerodynamically optimized design, it delivers consistent and quiet performance across medium to large indoor spaces. This robust unit is built for longevity and easy maintenance, providing a reliable cooling solution that integrates seamlessly into any professional or domestic interior.

Technical Specifications

Blade Span	56 inch
Model Identifier	QJFC3008(1400 56")

Logistics

Packaging Dimensions	66 x 29 x 21 cm
20' Container Capacity	690 CTN

Features

Application Areas	Residential, Commercial, Indoor Cooling
