Overview

High-Performance Li-ion Charger

The C1200 series is a robust, high-efficiency battery charger engineered specifically for 14S Lithium-Ion battery systems. Designed for versatility, it is an ideal power solution for electric bikes, motorcycles, scooters, and various industrial cleaning or golf cart applications. Featuring a durable aluminum alloy enclosure and reliable CE certification, this charger ensures safe, consistent performance for professional and commercial use.

Electrical Specifications

Output Performance

58.8 V

Output Voltage

20 A

Output Current

1058.4 W

Output Power

Input Voltage

110-132VAC / 200-264VAC

Battery Chemistry

Li-ion (14S)

Mechanical & Physical

Dimensions

264 x 120 x 89 mm

Net Weight

2.1 KG

Housing Material

Aluminium Alloy

Features & Compliance

Status Indicators

- Red: Charging
- Green: Fully Charged

Certifications

CE

Warranty Period

12 Months

Applications

Compatible Applications

Electric Bike • Motorcycle • Scooter • Cleaning Equipment • Golf Cart
