

5kW Gasoline Generator

This 5kW gasoline generator is designed for reliable power generation. It features a robust engine, providing a stable output for various applications.

Product Overview

Reliable Power Solution

This 5kW gasoline generator is engineered for dependable power generation across a variety of professional and commercial applications. It features a robust engine design that ensures stable power output, making it an ideal choice for construction sites, emergency backup power, and outdoor events. The unit is built for durability and ease of use, incorporating a protective frame and integrated wheel kit for enhanced portability in demanding environments.

Technical Specifications

Rated Power Output

5 kW

Rated Power

Model Number

LB6500DXE-C

Features & Design

Operational Controls

- User-friendly control panel
- Integrated monitoring gauges

Portability

Wheel Kit, Durable Frame, Portable

Applications

Recommended Use Cases

Construction Sites • Emergency Backup • Outdoor Events
