

# 5L Portable Thermoelectric Mini Fridge for Cosmetics and Office Use

This 5L mini fridge is designed for storing beauty products and office essentials. Its compact size makes it suitable for desks, bedrooms, and travel.

## ADDITIONAL IMAGES

## Overview

### Versatile 5L Thermoelectric Mini Fridge

This compact 5L mini fridge is a versatile solution for both beauty product preservation and office convenience. Utilizing advanced semiconductor refrigeration, it offers both cooling and warming functions to suit various needs, from keeping skincare chilled to maintaining warm beverages. Its portable design, complete with both AC and DC power options, makes it an ideal companion for desks, bedrooms, and travel.

## Performance Metrics

### Key Performance Metrics

<b>5 L</b> Capacity	<b>48 W</b> Power Consumption	<b>20 °C</b> Max Cooling Below Ambient
------------------------	----------------------------------	---

## Technical Specifications

Item Number	MFP-5L
Refrigeration Principle	Semiconductor Refrigeration
Insulation	High density EPS

## Temperature Control

Cooling Performance	16-20 below ambient temperature (at 25 )
Heating Performance	50-60 by thermostat

## Power & Connectivity

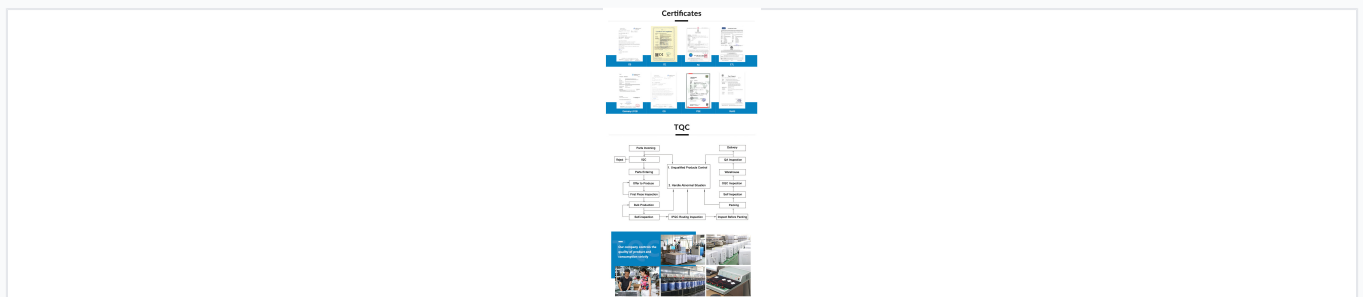

### Input Voltage

- DC 12V (Car)
- AC 100V-240V (Household)

### Included Cables

Cable Type	Length
Car Charger Cable	2m
Household Cable	1.8m

## Compliance & Quality

### International Certifications

CB, CE, KC, ETL, LFGB, GS, PSE, RoHS

## Commercial Terms
