

6-Inch Wall/Window Mount Ventilating Fan

This ventilating fan is designed for wall or window mounting. It features a multi-blade impeller for efficient air extraction in bathrooms, kitchens, or other areas requiring ventilation.

Product Overview

Compact Ventilation Solution

This 6-inch ventilating fan is designed for versatile wall or window installation, making it an ideal choice for residential or professional environments like kitchens and bathrooms. Engineered for efficiency, the unit delivers a steady airflow of 258 cubic meters per hour while maintaining a low operational noise level. It combines a robust impeller design with energy-efficient operation to ensure reliable air exchange.
