

6 kg Twin Tub Washing Machine

This clothes washing machine is designed for high capacity washing with a fashionable style. It features high washing and spin-drying capacity with low water waste and power saving.

Overview

Efficiency Meets Durability

This twin tub washing machine is engineered for high-capacity cleaning in a compact, space-saving design. It features separate tubs for washing and spin-drying, providing users with flexible control over every laundry cycle. Built with a robust, anti-rust plastic body, it offers a combination of reliable performance and power-efficient operation suitable for professional or personal use.
