

60-Inch Ceiling Fan with Five-Speed Regulator

This ceiling fan features a five-speed regulator for customized airflow. The fan is constructed with durable PP material, and the blades are set at a 6-degree angle for efficient air circulation.

Overview

High-Performance Ceiling Fan

This 60-inch ceiling fan is designed for efficient air circulation in professional or commercial environments. Featuring a robust 85W motor and a 5-speed regulator, it allows for precise control over airflow intensity. Built with durable iron and high-quality PP materials, this unit ensures long-lasting performance and reliable operation.

Technical Specifications

Fan Size	60 inch
Voltage Rating	220 V
Frequency	50 Hz
Power Consumption	85 W

Performance Metrics

Max Speed

290 R.P.M.

Rotation Speed

Speed Control	5-speed regulator
