

600W Variable Speed Jigsaw

This jigsaw is a versatile tool designed for cutting various materials with precision and ease. Its adjustable speed settings allow for optimal control when working with different materials, ensuring clean and accurate cuts.

Overview

Professional Cutting Performance

The 600W Variable Speed Jigsaw is a versatile power tool engineered for precision and efficiency in diverse cutting tasks. Featuring a robust motor and adjustable speed control, it provides the flexibility needed to handle various materials with ease. Its durable design ensures long-lasting reliability, making it an ideal choice for both demanding workshop environments and professional applications.

Technical Specifications

Input Power

600 W

Power Rating

Voltage Compatibility

110-120V • 220-240V

No-load Speed

3000 rpm

Frequency

50/60Hz

Performance Capabilities

Max Cutting Capacity

Material	Max Depth
Wood	65mm
Steel	6mm
