

60cm LED T8 Tube Light

This high-efficiency LED T8 tube is designed for various lighting applications. The 60cm tube provides energy-saving illumination and a long lifespan, making it suitable for commercial and residential use.

Product Overview

High-Efficiency Lighting Solution

This 60cm LED T8 tube is engineered for superior energy efficiency and long-lasting illumination, making it an ideal upgrade from traditional fluorescent lighting. Designed to provide bright and consistent light output, it serves as a reliable solution for a wide variety of commercial and residential environments. Its robust construction ensures durability, while the standardized T8 form factor allows for seamless integration into existing lighting fixtures.

Technical Specifications

Tube Length	60 cm
Light Source	LED
Tube Standard	T8

Application

Key Benefits

- Energy-saving operation
- Long lifespan
- Consistent light output
- Direct fluorescent replacement

Suitable Environments	Commercial, Residential
