Product Overview

Versatile Cooling for Mobile Living

This 60L portable refrigerator and freezer is engineered for reliable performance in camping, RV, and off-grid environments. Featuring a high-efficiency compressor and thick, CFC-free PU foam insulation, it maintains stable temperatures from -22 to +12. With dual-voltage support for both AC and DC power, it offers seamless integration into various mobile power setups.

Performance & Power

Power Consumption

52.8 W

Power Consumption

2.2 A

Current Draw (24V)

Temperature Range

-22°C to +12°C

Supported Power Inputs

12V DC, 24V DC, 100-240V AC

Physical Specifications

Weight

23 KG

Net Weight

27.5 KG

Gross Weight

Product Dimensions

714 x 453.4 x 523.5 mm

Insulation Thickness

45 mm

Storage Capacity

60 L
