

60W LED Street Light with Optimized Thermal Management

This high-efficiency LED street light is designed for outdoor illumination. It features optimized thermal management and high-quality LED chips for long lifespan and energy savings.

Product Overview

High-Efficiency Outdoor Illumination

This 60W LED street light is engineered for superior outdoor performance, offering a perfect balance of energy efficiency and light quality. Equipped with advanced thermal management, it ensures a long operating lifespan while maintaining consistent illumination. It is an ideal solution for street lighting, parking lots, and large area applications requiring weather-resistant reliability.

Technical Specifications

Rated Power

60 W

Power Consumption

IP Rating

IP65

Input Voltage Range

100-277VAC

Color Temperature

3000K-6500K

Features

Core Features

- Optimized thermal management system
- High-quality LED chips for durability
- Uniform light distribution
- Excellent color rendering
- Weather-resistant housing
