Product Overview

Reliable Circuit Protection

This Miniature Circuit Breaker (MCB) is designed for robust protection against overloads and short circuits in both residential and commercial electrical systems. It is suitable for AC 50Hz circuits and supports diverse configurations from single-pole to four-pole setups. Engineered for durability and performance, it ensures safe power distribution in environments ranging from high-rise buildings to industrial enterprises.

Technical Specifications

Rated Voltage

- 230V (Single pole)
- 400V (Double, Three, Four poles)

Breaking Capacity

4500 A

Standard Capacity

6000 A

High Capacity

Rated Current

63 A

Rated Frequency

50Hz / 60Hz

Compliance & Standards

Certified Standards

IEC60898, IEC60898-1, GB10963.1

Application

Typical Applications

- Industrial enterprises
- Commercial districts
- High-rise buildings
- Dwelling houses
- Lighting distribution systems
- Motor distribution systems
