

## 6.5-inch Ruggedized LCD Monitor

This 6.5-inch ruggedized LCD monitor is designed for demanding environments. It features a durable enclosure and a high-brightness display for outdoor visibility.

### Overview

#### Ruggedized Performance

This 6.5-inch ruggedized LCD monitor is engineered for demanding industrial and professional environments. It features a durable enclosure designed to withstand harsh conditions, offering high reliability for military, transportation, and industrial applications. With wide operating temperature ranges and robust construction, it ensures consistent performance and a long product lifecycle.

### Display Specifications

#### Viewing Angle

**70 deg**

Left

**70 deg**

Right

**50 deg**

Up

**70 deg**

Down

Resolution	640x480
Dot Pitch	0.0588(W)x0.1764(H)
Brightness	200 cd/m2
Contrast Ratio	500:1
Response Time	20 ms

### Environmental & Power

Operating Temperature Range	-25 to 50
Storage Temperature Range	-45 to 70
Input Voltage	DC 12V, DC 24V

### Features

#### Key Features

- Superior system function
- Strong environment adaptation
- Highly functional components
- Convenient operation
