

# 650W 5L Tilt-Head Stand Mixer

This stand mixer features a 650W motor and a 5L capacity. It is designed with a tilt-head for easy access and includes multiple attachments.

## Product Overview

### Professional Performance in a Compact Design

This 650W tilt-head stand mixer is a versatile kitchen appliance engineered for precision mixing, kneading, and whipping. Featuring a robust motor and a generous 5L capacity, it handles everything from heavy bread doughs to delicate whipped creams with ease. Its durable construction and ergonomic tilt-head design ensure stability and convenient access, making it an essential tool for high-volume baking tasks.
