Overview

Portable Power Solution

This 650W portable gasoline generator is designed to provide reliable electrical power for both residential and commercial applications. Its compact and durable construction makes it an ideal choice for powering small appliances, tools, and electronic devices in remote locations or during unexpected power outages. Featuring user-friendly controls and essential safety mechanisms like overload protection and low oil shutdown, this unit offers a dependable and efficient energy source.

1/2 Load	13.5 hrs

Engine Specifications

Engine Details

- Model: GX60
- Displacement: 62.8cc
- Bore x Stroke: 45 x 40mm
- Starting System: Recoil

Electrical Specifications

Electrical Specifications

- AC Voltage: 220V
- AC Current: 2.9A (Rated) / 3.6A (Max)
- DC Output: 12V / 8.3A
- Frequency: 50Hz

Physical Dimensions

Physical Specs

- Dimensions: 385 x 335 x 340 mm
- Fuel Tank Capacity: 4L
- Noise Level: 68 dB(A) at rated load
