Overview

Robust 6m3 Dump Truck

This 6m3 capacity dump truck is engineered for reliability and efficiency in construction and material transport applications. Featuring a powerful 189PS engine and a durable 4x2 drivetrain, it is designed to handle challenging terrains while maintaining performance. With a reinforced dump body and a user-friendly hydraulic lifting system, this vehicle provides an effective solution for heavy-duty hauling needs.

Performance & Engine

Engine Performance

189 PS

Horsepower

139 kW

Power

5193 ml

Displacement

Engine Model

4HK1-TC51

Dimensions & Capacity

Truck Dimensions

Metric	Value
Overall Length	6500 mm
Overall Width	2200 mm
Overall Height	2600 mm
Wheelbase	3815 mm

Dump Body Specifications

- Capacity: 6m³
- Internal Dimensions: 4000 x 2000 x 800 mm
- Bottom Thickness: 4mm
- Side Thickness: 3mm
- Lifting System: Middle Lift, Single Hydraulic Jack

Chassis & Drivetrain

Drivetrain Configuration	4x2
Transmission	MLD-6Q (6 Forward, 1 Backward)
Tires	8.25R20 14PR (7 units including spare)

Weights & Loads

Weight Specifications

5300 kg

Curb Weight

10000 kg

Gross Vehicle Weight

Features & Safety

Standard Equipment

Power Steering • Air Conditioning • ABS • Free Maintenance Battery • Retro-reflective Marking
