

7 x 1/8 x 7/8 Inch A36 Grinding Wheel

This grinding wheel measures 7 inches in diameter, 1/8 inch in thickness, and has a 7/8 inch arbor hole. Its A36 grit is suitable for general-purpose grinding tasks on various metals.

Product Overview

High-Performance Angle Grinding Wheel

This T27 DC angle grinding wheel is engineered for superior cost performance and safety in metalworking applications. Designed for versatility, it is suitable for grinding grey cast iron, cleaning switchboards, and chamfering edges on various metals, non-ferrous alloys, concrete, and natural materials. Its sharp abrasive design ensures efficient material removal and consistent quality.

Technical Specifications

Abrasive Grade	A / WA (Grade 1)
Wheel Type	T27 DC
Suitable Materials	Metal, Non-ferrous metals, Non-ferrous alloys, Concrete, Natural stone, Grey cast iron
