

70W 4-in-1 LED Moving Head Stage Light

This versatile lighting fixture is designed for stage and entertainment applications. Its moving head mechanism allows for dynamic pan and tilt movements, enabling precise beam positioning and coverage.

Overview

Professional Stage Lighting Solution

This 70W 4-in-1 LED Moving Head light is a compact and efficient solution for professional stage and entertainment environments. Featuring 7PCS of 10W Quad-in-1 LEDs, it offers seamless RGBW color mixing and flicker-free performance with a refresh rate exceeding 400Hz. Designed for versatility, it includes advanced movement capabilities like 540° pan and 270° tilt, making it ideal for dynamic lighting setups in clubs, theaters, and event venues.
