

710W Variable Speed Electric Power Drill

This electric power drill is equipped with a 710W motor and operates on a 220V/50Hz power supply. It features variable speed control, adjustable from 0 to 2800 RPM, making it suitable for various materials.

Product Overview

Professional Impact Drill

This 710W variable speed electric impact drill is engineered for versatility and reliability in demanding drilling applications. Featuring a robust motor and adjustable speed control, it provides precise performance across a variety of materials including wood, steel, and concrete. Designed for both professional and DIY use, this tool combines ergonomic handling with essential safety certifications.

Technical Specifications

No-load Speed

2800 r/min
Max Speed

Rated Power	710 W
Impact Rate	4800 /min
Voltage Compatibility	110V, 220V-240V
Frequency	50/60HZ

Drilling Capacity

Maximum Drilling Capacity

Material	Max Diameter
Wood	25mm
Steel	13mm
Concrete	16mm

Features & Accessories

Included Accessories

- 1pc side handle
- 1pc 13mm key chuck
- 1pc depth gauge

Certifications

CE • FCC

Chuck Capacity	0.8-13mm
Packaging	Color box
