

71cm 9HP Snow Blower with Electric Start

This snow blower is equipped with a 9HP engine and electric start for powerful and convenient snow removal. It has a 71cm working width and 55cm working thickness, making it suitable for clearing snow from driveways and walkways.

Product Overview

High-Performance Snow Management

This 71cm snow blower is powered by a robust 9HP engine, engineered to handle heavy snowfall with ease. With an electric start feature and a versatile 5-forward, 2-reverse gear transmission, this machine offers exceptional maneuverability and control in harsh winter conditions. Built for durability and efficiency, it is an ideal solution for clearing large driveways and walkways, meeting rigorous international standards including CE, EPA, and CSA.
