

71cm Electric Start Snow Blower with 11HP Engine

This snow blower features a 71cm working width and 55cm working thickness. It is equipped with an 11HP engine and offers both electric and AC start options.

Product Overview

High-Performance Snow Clearing Solution

This 71cm electric start snow blower is engineered for efficiency and reliability in harsh winter environments. Equipped with an 11HP engine and a 71cm working width, it is capable of handling significant snow depths up to 55cm. The versatile transmission and robust Snow Hog tires ensure excellent traction and maneuverability for professional-grade clearing tasks.
